interLiving

2 people : Take a close-up flash photo of an object (worn or carried) that reminds you of someone you care about. Attach it to this card and explain why.

A large grid area for drawing or writing, consisting of a 10x10 grid of squares.

FOLD

Finding out about users : Designers use cultural probes not only to discover more about users, but also to inspire and engage users in a design discussion. Probes should be open-ended to give both participants and designers a chance to think creatively.

Instructions : Provide a potential user with a disposable instant camera and ask her to take photographs of objects that are relevant to your design problem. Ask her to annotate the photo, explaining why the object is important.
